

The Sweet Science of Bees & Honey

TUESDAY, SEPTEMBER 22, 2026 AT 7PM
Lincoln Center, Room 503, Downers Grove

Local beekeeper Cindy Brasic will discuss how different honey varieties are created based on bees' foraging behavior. She'll also discuss cultivating pollinator gardens, growing herbs and vegetables and being a backyard beekeeper.

Cindy began C Bee's Honey in early 2025 after enrolling in a beekeeping class through the Illinois Bee Rescue.

Greener Grove is a 501c3 working towards a more environmentally sustainable future through action, education and advocacy.
